I want a sewing machine because I want to learn how to make clothes so I wouldn't have to buy any clothes and I get to have my own designs that other designers don't have. I love to make clothes especially when I was younger. I had a kiddy sewing machine but it broke and I was so sad. I wanted to take fashion and Interior Design but I need a sewing machine. I really want to make clothes for my sister, my mom, my brother and maybe my dad if he wants me to.

That will save a lot of money in the house. At first I didn't want to do Fashion and Interior design but then I thought what can I be in my adult life and the skills I can learn. Now, when I get older I want to be a Fashion Designer. I want to make baby and like teenager clothes. This is why I want a sewing machine.
