## **A message of Wisdom**

*To increase your knowledge...*

*One should call attention to the word "Inspiration." Inspiration is defined as, "Stimulation of the mind or emotions to a high level of feeling or activity."*

THTWB defines inspiration as, "Over a decade of being selfless not being selfish and the number of lives that have been reached, touched and positively impacted."

THTWB, is continually "inspired" by our model, of "Charity, Faith and Service..." We hope you are too.

### **THTWB Executive Director's snapshot:**

The following question has been posed to the Executive Director in regards to opportunities: "Are there any available resources that you are interested in receiving assistance from?" The Executive Director's answer is:

*"The year of 2011 can offer us new opportunities and greater outreach to our constituents. We have undergone a decade of services with cost containment and cost efficient programs. What THTWB would like to see occur is foundations and philanthropist approach our organization with financial resources. This can consist of government and capacity building as well as technical assistance to increase our delivery of programs and services as it relates to community needs. When this assistance is delivered, THTWB will be well equipped to transition from "grassroots" to a more global approach.*

### **Special message from the CEO...**

Volunteers are the "life" pulse of non-profit activity. Their service and time is hard to place a monetary amount on. Without the generous help from volunteers, many organizations would fail to thrive.

In addition, volunteers are very helpful to a community at large. There are many skills that volunteers contribute daily in their efforts of helping to meet the needs of various communities; while promoting humanitarian purpose—as they look beyond 'self.'

Let's give thanks for the many men, women and children who have found this calling and served. Each of them deserves to be commended for their laudable effort of care, love and support with an unselfish purpose...
