"I would like to thank you all for being there for me and your family your an awesome church and its awesome to see you doing the will of God. May God continue to bless your outreach.

Love you all

God Bless"

"I'm a first time visitor of "The House That Wisdom Built" (THTWB) and I was very impressed by the love and time taken out by the Pastor and his wife and other community neighbors either through testimony, giving or sharing current tribulations; and it was very heartfelt and touching.

This place is more than a center for food and clothing etc., but a resource of information and neighbor to neighbor bonding. Deliverance of past feelings took place and I received a keyboard to a computer and we had prayer and celebrated past birthdays and it was just an awesome experience of a one stop get all you need ministry!"

"Thanks for all. I'm happy that I found "people," who love me. I know God is good to me because I got my health back.

He blessed me with people who help other people."

In Jesus name."
